The Clerk noted that there had been three grant applications received. Firstly, from Urdd Gobaith Cymru where they have requested that the grant application is considered outside of the normal timeframe as the application relates to activities in the New Year. Councillors discussed and noted that as it was not of benefit to the immediate local community, this would be considered with others at year end. The second and third applications were the grant requests from Llanfihangel Talyllyn and Llanywern Churches regarding the regular Groundscare maintenance grant. The Clerk had circulated the requests as well as a copy of the most recent accounts. It was noted that these would need to be considered in the January meeting and that new accounts following their year-end may be received by then. There were no issues or questions raised.

The budget had been discussed and given thorough consideration by Councillors following the Clerk drafting. All Councillors were happy with the budget as proposed. It was resolved that the budget be agreed by all Councillors, proposed by Cllr A Jevons, seconded by Cllr S Bailey and all were in favour.

The precept amount had been discussed in the extra meeting of the council prior to the commencement of this meeting. Following consideration of the reserve level required for both general and earmarked reserves, planned expenditure and current/projected monies held, it was resolved that the precept amount for the year 26/27 be set at £20,000, a reduction from previous years. The Clerk had circulated all policies and documents due for consideration in advance of the meeting.

b) Health and Safety Policies and Procedures

It was resolved that the Health and Safety Policies and Procedures is approved and adopted by the Council, and signed by the Chair, Cllr A Jevons. Cllr C Preece proposed, Cllr C Owen seconded and all were in favour.

c) Health and Safety Statement

It was resolved that the Health and Safety Statement is approved and adopted by the Council, and signed by the Chair, Cllr A Jevons. Cllr C Preece proposed, Cllr D Jones seconded and all were in favour.

d) Reserves Policy

It was resolved that the Reserves Policy is approved and adopted by the Council, and signed by the Chair, Cllr A Jevons. Cllr D Scully proposed, Cllr C Owen seconded and all were in favour.

10) Grass Cutting contract

Following from October's meeting, the Clerk had completed outstanding actions relating to the tender process and the new contract for Groundscare/grass cutting. The Clerk confirmed that the contract had been received back signed and will be signed by the Clerk and held on file. It was noted that the method statement and risk assessments had also been received for the commencement of the new contract in April 2026.

11) Planning:

a) Consider & approve the minutes of the PAD meeting held on 01/11/2025

The draft minutes for the PAD meeting held on the 01/11/2025 had been circulated prior to the meeting. Cllr A Jevons asked if all members were happy that the minutes were a correct and true record of the meeting. All councillors were

in agreement. It was resolved that the minutes of the PAD meeting held on the 01/11/2025, are to be accepted as a true and accurate record of proceedings and they were signed by the Chair Cllr A Jevons. Cllr G Beaven proposed, Cllr S Bailey seconded and all were in favour.

b) Monthly planning report – Councillor G Beaven

The monthly planning report can be seen in full at the end of these minutes under 'Supporting Documents'.

12) Health and Safety:

a) Review of Assets: Confirm all assets are in good condition – all Councillors with asset responsibilities

Cllr G Beaven that the bench on the triangle in Llangors is of unknown origin and is causing a concern for public safety due to its current condition. All Councillors were in agreement that the bench should be removed. Cllr C Preece will investigate further and remove accordingly.

Action 3: Cllr C Preece to investigate the source of the bench on the triangle in Llangors and remove accordingly.

b) St Paulinus Churchyard

The ongoing concerns regarding the safety some of the monuments in the Churchyard were raised. Cllr C Preece noted that he has asked Gary Bowen (Civil Engineering) has been asked to come and inspect to see if it is something he would be able to assist with. It was also raised as to whether it is suitable to enquire with a monumental stonemason. Cllr C Preece said he would report back in due course.

c) Llanfihangel Talyllyn Glebe field, including playpark

The Clerk explained that for the Biodiversity application for the 'It's For Them' signage the Council must agree to the terms and conditions of the application. The terms and conditions are as follows:

1. *The Council is the Landowner or Leaseholder of the land where the grant will be installed. If The Council are not the landowner or leaseholder, then The Council confirms that full written permission has been given by the Landowner.*
2. *The Council agrees to maintain the assets granted by the One Voice Wales Local Places for Nature Grants programme for a minimum period of 5 years from completion of installation. This includes ensuring that any service level agreement with the local authority is updated to include any changes to grounds management as a result of the Grants project.*
3. *Acceptance of this grant and the agreement to these and the full terms and conditions have been approved by full council.*
4. *The Council agrees to offer volunteering opportunities during the installation, and maintenance of the project.*
5. *The Council will ensure that any publicity, communications, press releases, articles or social media posts give accreditation to One Voice Wales, Welsh Government and the Local Places for Nature programme. (This includes use of the logos provided and recommended Hashtags for Social media.*
6. *Any volunteer involvement in the project installation and maintenance will be organised by The Council.*
7. *The Council will ensure a full Risk Assessment is carried out and the necessary insurance policy is in place before the project commences.*

8. *The Council agrees to participate in future evaluation of the project by One Voice Wales and the Local Places for Nature programme.*

Cllr G Beaven asked if there could be extra signage for the Churchyard. The Clerk explained that this had only been provisionally agreed for two areas – the Glebe field and the triangle in Llangors, the Churchyard had not been previously raised. The Clerk can ask but there is no guarantee that this will be successful.

It was resolved that the Council agree to the terms and conditions as outlined above for the application for signage for the Glebe Field in Llanfihangel Talyllyn, the triangle in Llangors and if possible, St. Paulinus Churchyard. Cllr D Jones proposed, Cllr D Scully seconded and all were in favour.

The Clerk noted that confirmation was still pending from the Church in Wales that they are in agreement to the sign being situated in the Glebe field. The Clerk will then continue with the applications.

Action 4: Clerk to continue with biodiversity applications for signage following receipt of all confirmations as necessary.

13) Highway Matters

Cllr S Bailey reported on some issues that had been raised and that there is slower communication with highways as there has been previously. County Councillor Sian Cox plans to discuss communication with the new Highways Inspector when meeting with him later this month. Cllr D Scully raised that issues surrounding the drain in Llanfihangel Talyllyn that was reported at the last meeting has already been resolved and thanks were expressed for such a quick response to the issue.

14) Training updates and any practicable applications

It was noted the recent training undertaken by Cllr C Owen. This covered two modules from One Voice Wales. The Clerk said that she will notify Councillors when the ILCA has been completed. The Clerk confirmed that as per the previous meeting, confirmation had been sent to PCC regarding the update to the Code of Conduct training on offer to the Council. The Clerk suggested this may likely take place during her time on maternity.

15) General correspondence received report: October

The Clerk had circulated the general correspondence received report from October in advance of the meeting. Cllr A Jevons asked if there were any matters to raise or any issues receiving correspondence and there were none raised. The report was noted with thanks.

16) Reports from Councillors and Clerk

including updates from all members representing LCC on external bodies

Cllr A Jevons introduced the updates from members representing LCC on external bodies.

Cllr C Preece: Representative to One Voice Wales area committee

Nothing to report as has been unable to attend any meetings.

Cllr H Quarrell: Representative to Discover Llangors and Bwlch Group

Not in attendance at this evening's meeting, no report received.

Cllr G Beaven: Representative on Llangors Lake Invasive Species Group

Reported that he is unsure if the group still exists as there has not been any recent meetings.

Cllr D Jones: Representative Llanfihangel & Llanywern Community Hall Committee

Cllr D Jones reported on the recent public meeting held and the positive developments with expressions of interest regarding positions to form a new committee. A date for the AGM has been set and the public

meeting left all involved feeling very positive about the future of the hall. Cllr D Scully wanted to take this opportunity to express thanks to Cllr D Jones for being a driving force behind ensuring the hall is able to continue to run and help to ensure the security of the lease and future use of the hall.

Cllr S Bailey: Representative Brecon to Hay Greenway Steering Group and Representative on Llangors Lake Advisory Group Committee

Cllr S Bailey reported that the Brecon to Hay Greenway Steering Group AGM is next Thursday and will report back to the Council following meeting. It was also noted that there was no further update regarding the Llangors Lake Advisory Group following his most recent reporting.

Cllr D Scully: Representative on Llangors Church in Wales School Governing Body and Representative on Llangorse Common Management Group

Cllr D Scully reported that there have been many positive changes recently at the school. Cllr D Scully is unable to discuss too much in detail but advised that things are looking much better than in previous times. Cllr D Scully noted that County Councillor Sian Cox will likely want to give a thorough report on the Llangorse Common Management Group in her report.

The Clerk had circulated the web analytics as received for the year-to-date. These were looking positive and had seen an increase in traffic to the website. The Clerk had previously reported that the web contract was due for renewal but following further investigation from the Clerk, the overlap into the time where further quotes should be sought would be excessive and much closer to four years of service as opposed to three. The current arrangement is due to be reviewed and follow a tender process in February 2026, for the commencement in April. Whilst the Clerk is aware that there may be a concern regarding allowing something to potentially 'lapse', as raised at the previous meeting, there has only been one contract (annual) for the duration of almost three years web support on record, which is prior to the Clerk's time in office. Due to when this contract was initiated, it would not line up with the tender and contract renewal process. The Clerk advised that it is important that the tender process as outlined is adhered to and this should take priority. The Clerk will commence this advertisement upon her return in February.

Cllr A Jevons noted that the new printer had been added to the insurance at no cost and the new insurance schedule has now been received.

It was also noted that the S6 Biodiversity Report had been submitted following the last meeting. Cllr D Scully raised that both himself and Cllr A Jevons attended a workshop recently on the reporting and left with confidence that the report of LCC's was in fact of a very high standard. Cllr D Scully has said that feedback can specifically be requested from OVW's Biodiversity team in due course.

The Clerk raised here that she had emailed all Councillors making them aware of her new representation as the Secretary of the PTFA – Friends of Llangors School. This has been added to the register of interests under a separate section as appropriate.

17) Review monthly action list for items not already covered on the agenda

Actions carried over from November 2024 meeting:

Action 7: Cllr G Beaven, Cllr D Scully and Cllr S Bailey to meet within the next 12 months to discuss plans, including a timeline, for a public consultation on aspects of community life in the context of the reference in the Chair's Annual Report 'Looking Forward' – 'Plan a public consultation to obtain the views of the public on all aspects of life in the community in order to inform the Council of the current needs of the public and future aspirations'

This remains ongoing.

Actions carried over from April meeting:

Action 2: Churchyard working party to convene following any remedial electrical work to paint the light columns

This remains ongoing, pending electrical work.

Actions carried over from August meeting:

Action 1: Cllr D Scully to make enquiries into quotes and further information relating to remedial action at the Glebe play park, prior to the next meeting in October.

This remains ongoing, further action and investigation is still needed.

New actions from October meeting:

Action 1: The Clerk to reply to both tender submissions and advise of the Council's decision.

This action has been completed and can be removed from the action list.

Action 2: Clerk to draft contracts in line with tender specification and bring to the next meeting.

This action has been completed and can be removed from the action list.

Action 3: Clerk to circulate an advertisement for the Christmas Grant for social media, the website and social media.

This action has been completed and can be removed from the action list.

Action 4: Cllr D Scully to investigate with the local community about accessibility and the movement of wall and associated matters.

This action remains ongoing.

Action 5: Clerk to investigate grant funding opportunities to improve accessibility at the Glebe field.

This action has been completed and can be removed from the action list. The Clerk noted that the list of potential grant funding opportunities has only been circulated to Cllr D Scully and Cllr A Jevons at this time whilst the project is in its infancy. Following conversations at the last meeting, the Clerk had also asked Mr Mike Davies, Stonemason, if this project is something he would be able and interested in assisting with. The Clerk reported to Councillors that his services have been offered free of charge for any stone work that may need completing. The Council expressed thanks to Mr Mike Davies for this generous offer, for which the Council is very grateful for.

Action 6: The Clerk to make contact with OTM for action regarding moles at the Glebe.

This action has been completed and can be removed from the action list.

Thanks were given to County Councillor Sian Cox for a thorough report on local and county updates. Cllr A Jevons asked if any Councillors had any questions, there were none. County Councillor Sian Cox went on to add further information on local matters.

- Llangorse Common Management Group – as previously reported, the funding has to be spent by February 2026. Action has been undertaken already regarding some of the planned works. The full outline of work was discussed, this included drainage and ditches, clearing bramble areas etc. Ecological and biodiversity considerations are being held in consideration throughout all work. There will also be 3x accessible benches and the kissing gate is being replaced with accessible gate.
- Welsh Government review of 20mph introduction complete – trunk roads not published but county roads have been, there are no changes in local areas to 20mph/buffer zones. As it has not been possible to conduct regular Speedwatch due to the restrictions on training and having small group of volunteers, it was asked if the Community Council would consider funding flashing signs which can be moved between villages. This was briefly discussed and it was requested that specific costings could be brought. County Councillor Sian Cox agreed to send over costings.
- Mirror coming out of Berllan Deg – this had been removed by County Council due to breach of regulations (too close to road and unable to have one in the 20mph zone). With landowners permission this could be put in the hedge. The landowners have been approached, and they agreed to permit the mirror installation. It was asked if the community council could support the upkeep and maintenance cost. This was briefly discussed and it was requested that specific costings could be brought to the Council's attention.
- Regarding drainage/highways, there are plans to look at having all drains cleared in Llangors.

- The next meeting of Sustainable Powys – T&CC's to attend and come together to discuss work being undertaken relating to statutory obligations going above and beyond. It was suggested that LCC could report on the biodiversity work at the Glebe and present reporting and actions undertaken.

County Councillor Sian Cox's report can be viewed in full online at: <https://llangors.org.uk/community-council/minutes-agendas/> under 'Supporting Documents'.

18) Confirm date, time and venue of the next hybrid monthly meeting: 09/12/2025

The date of the next monthly meeting is due to be held on Tuesday 9th December 2025 at 19:00 at Llangasty Village Hall.

There being no other business the meeting closed at 20:35.
