The APM was held at the hall in Llanfihangel Talylyn last year, in order to see if Llangors is available this year, it was suggested to try and book for the Monday. The date has been provisionally set for Monday 8th June. The Clerk will enquire if the hall is available.

b) St Paulinus Churchyard

Cllr C Preece explained that there had been initial conversations with Tony Evans regarding the leaning monument. There will be a quote put together to replace the monument including the base and legs. Cllr G Beaven explained that there may be some funding available but unsure to what extent at this time, most grants only cover 50% of the cost. The quote is likely to be in the region of £2000-£3000. The Council will need to consider what action to take when the quote is received. The monument is listed, but the minimum requirement is to ensure it is made safe which would involve having it laid only rather than replaced. When the quote is received the Council will be able to discuss further.

County Councillor Sian Cox joined the meeting at 19:40.

Cllr G Beaven as the Burial Board Clerk noted the two transactions as listed on the finance report.

c) Llanfihangel Talyllyn Glebe field, including playpark

Cllr D Scully asked if it was known from OTM when the extra cuts would take place.

Action 2: Clerk to contact OTM and ask if it was known when the extra cut on the Glebe will be taking place, as well as to enquire about the schedule of cuts from last year.

14) Highway Matters

County Councillor Sian Cox explained that, after conversations had with Lynn Parry, the preferred way to report any issues or emerging problems is by using www.powys.gov.uk. If the reporting function does not work, then to report to Sian herself for her to chase further. Cllr S Bailey has sent apologies for this evening's meeting, but had received a similar email from David Lewis about the reporting function.

All Councillors were happy to use the reporting system and will feedback to Sian and at meetings as appropriate.

Action 3: Clerk to add the reporting link relating to highways issues, and any useful information to LCC's website.

15) Social media update and analytics

The Clerk had shared the analytics for social media in advance of the meeting. These include: 1375 page views (-5728), 13 interactions (-27), 59 followers (+5). Cllr D Scully had also circulated a letter of support for Llyn Syfaddan History Group which was noted by all Councillors. *This can be seen in full in supporting documents and the end of these minutes.*

The Clerk reported that she is now the Chair of the Llanfihangel Talyllyn Hall Committee and provided an update following recent meetings. This includes an upcoming planned Arts Weekend 11th and 12th April, plans to look at a Summer fete/event, community feedback and engagement work, and social media improvements.

The Clerk raised that there is a requirement to find some availability for the Code of Conduct training. The Clerk suggested this could be conducted ahead of a regular meeting.

Action 4: Clerk to determine the length of the Code of Conduct training available and report back to Councillors to advise an appropriate time and date for training.

The Clerk advised that she had accrued 13.5 hours TOIL during her KIT days during maternity leave. This was noted by Councillors. The Clerk also advised that she noticed she had received an overpayment of wages. This was raised to the

Chair, Cllr A Jevons in the first instance and raised with PAVO as payroll officer. It was agreed the schedule to recover the amount as suggested by the Clerk.

The Clerk went on to advise that Finance at Audit Wales have not received instruction yet to generate an invoice for this years' audit and therefore it will most likely roll into the next financial year. The Clerk has chased this multiple times.

The Clerk will chase OTM's liability insurance (due March 13th) to enable the year's cutting schedule to commence when weather allows.

There has been one quote received for the website/email hosting contract as advertised. The closing date for this is the 13th March. Details of quotes and a contract will be brought to the next meeting.

To Roger Reece
Chair of the Llyn Syfaddan History Group

12th February 2026

Dear Roger

I am happy to confirm that our meeting on 10th February Llangors Community Council unanimously offered its support to the Llyn Syfaddan History Group's bid for a Heritage Grant to produce a book describing the history of Talylyn Station & Junction recording and celebrating its rich railway heritage.

Councillors know that the History Group has been keeping an archive of railway material and has had access to a great deal of local personal knowledge recalled by those who actually experienced it or had friends and family who did. We also are very aware that members of the History Group have put on display and have shared their extensive knowledge with members of the community on number occasions at local meetings and events over several years.

Councillors understand and support the History Group's endeavours to provide a legacy of which the proposed book will play a key part in. It is encouraging to know that the collected artifacts and their members accumulated knowledge as well as the memories of local people will not be lost as the years pass by.

The Community Council is very aware that the History Group sees young people as the one of the great opportunities for the sustaining the legacy. As a Community Council representative governor at Llangors Church in Wales Primary I have seen for myself the efforts that the History Group has made to engage with the children at the school. A good example of this was recent event to which the children from the school were invited a very interesting talk about the ancient log boat that was discovered in Llangors Lake. It was clear that the children were enthused by the experience especially as they were allowed to look and ask questions about a full-size replica of the boat.

I have been asked by the History Group, in my role as governor at the school, to find out from the school how the History Group may be able to contribute to the children's learning of history especially local history. The proposed book would be a real focus for the learning of the local history of the railways in the Llangors area and a good way to start conversations with children in the community.

In conclusion, members of the Community Council would support any efforts to ensure the local accumulated knowledge of the past is available to a wider and diverse community. The book would be a significant addition to the legacy.

On behalf of Councillors, I would like to thank you for approaching the Community Council about your bid. We wish you every success in applying for support from the Heritage Fund. A positive outcome would be well deserved and applauded by the community.

Your sincerely

David Scully

Vice Chair, Llangors Community Council
